

2023 DRAINAGE BOND PROGRAM

HIDALGO COUNTY DRAINAGE DISTRICT NO. 1

Before - Narrow Channel

Construction - Channel Widening

After - Expanded Channel for More Capacity

BACKGROUND

Hidalgo County Drainage District No. 1 has been aggressively improving drainage infrastructure throughout the County. In-house projects, as well as funds from the 2018 Bond, leveraged by state and federal resources, have all contributed greatly to bringing many drainage improvement projects to fruition. With proper funding in place, the District is able to accelerate projects more rapidly to completion, contributing to the overall positive drainage infrastructure health of the County.

NEED

There is a tremendous need to improve major systems to ensure our area is adequately prepared to during major rainfall events. The District has strategically worked closely with partnering cities within the County to identify and prioritize those projects that would have the greatest impact in expanding drainage capacity and addressing the most critical infrastructure improvements needed in the County's drainage system.

PROPOSAL

To address the most critical drainage infrastructure improvements and expansions of these arteries and channels to mitigate potential threats from catastrophic flooding and protect lives and property, the Hidalgo County Drainage District No. 1 is proposing a bond in the amount of \$135 million for drainage infrastructure improvements in regional main arteries as well as the lateral drains that serve all our communities.

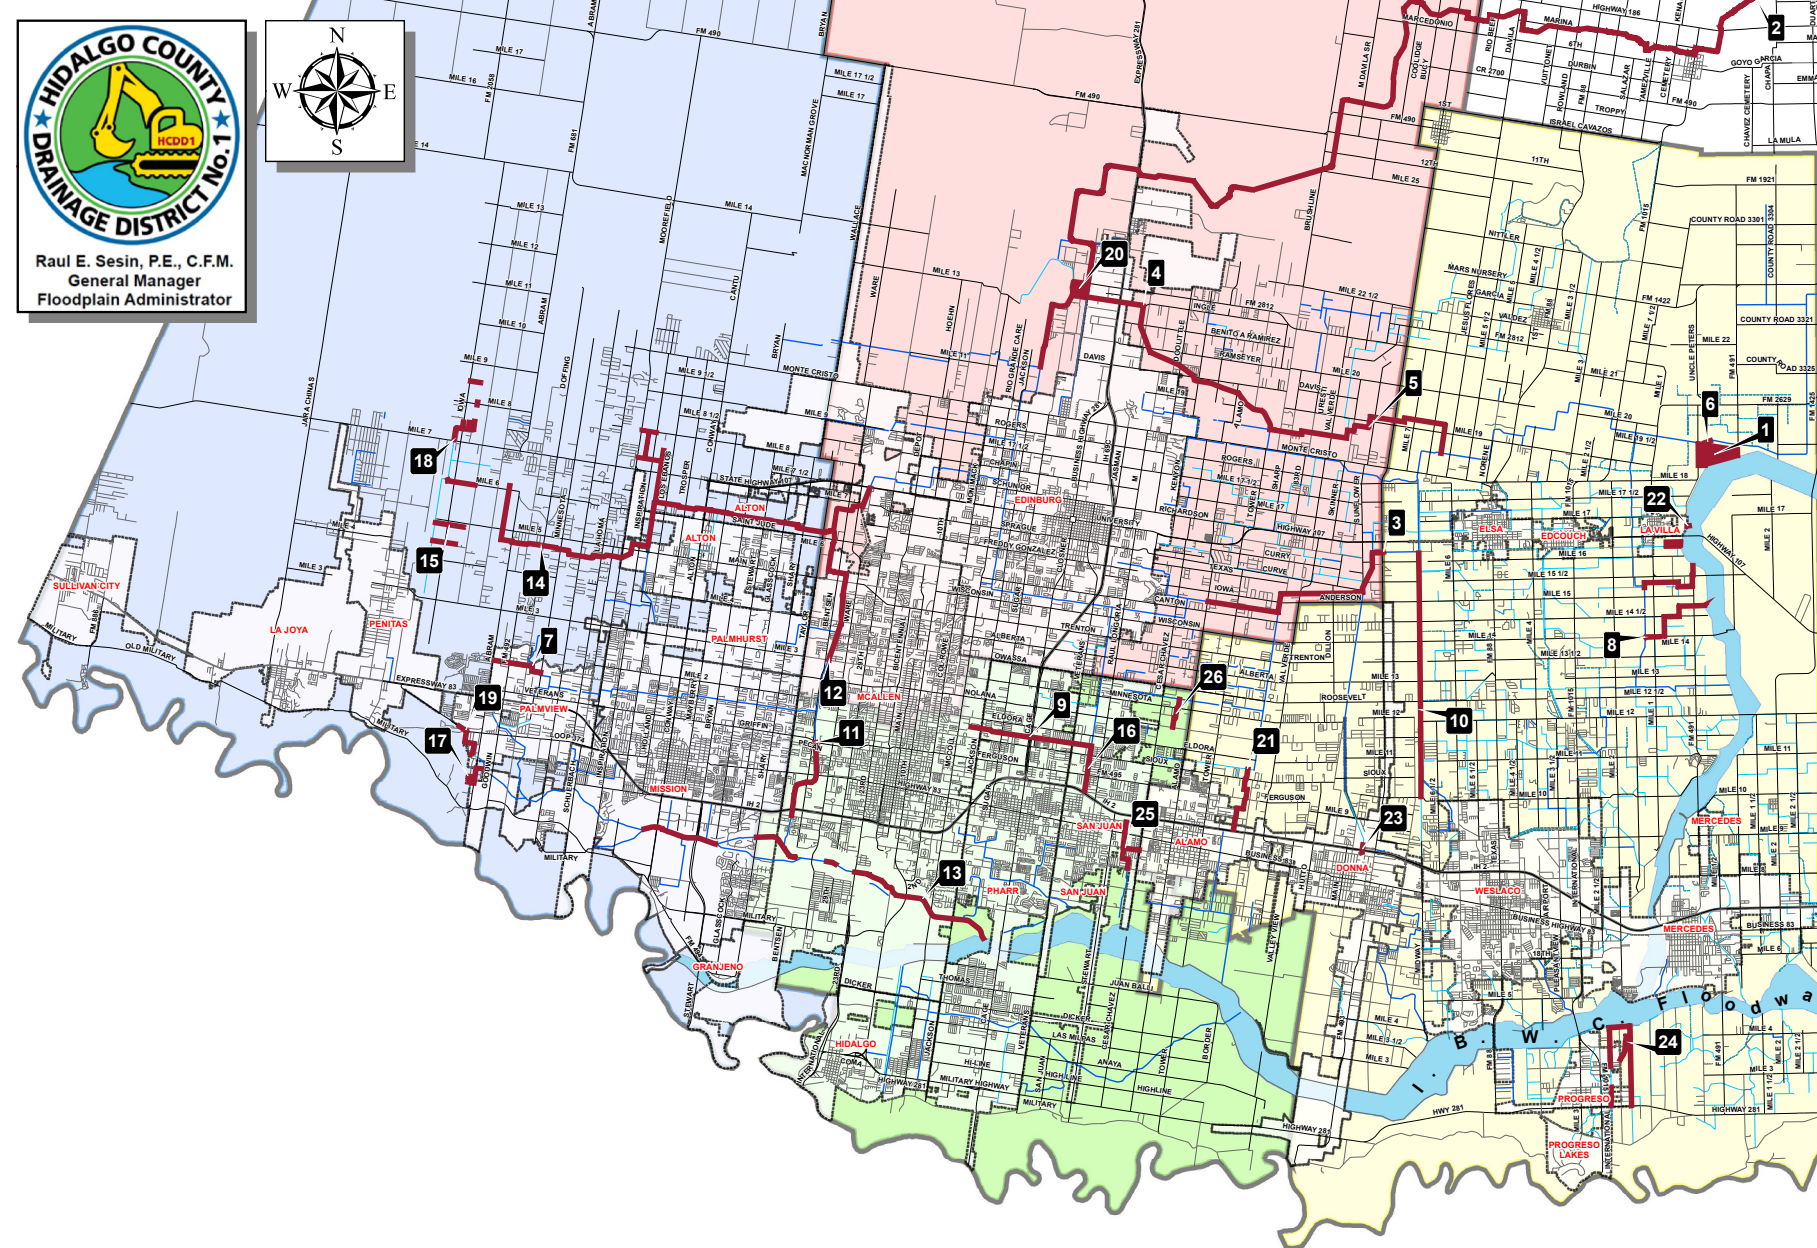

TAX IMPACT

There is ZERO tax impact to Hidalgo County taxpayers. The Hidalgo County Drainage District No. 1 has responsibly managed the debt incurred and paid off the previous bond, so this bond can be issued without increasing taxes.

PROGRAMA DE BONOS DE DRENAJE 2023

DISTRITO DE DRENAJE DEL CONDADO DE HIDALGO NO. 1

CONTEXTO

El Distrito de Drenaje No. 1 del Condado de Hidalgo ha estado mejorando agresivamente la infraestructura de drenaje en todo el Condado. Los proyectos internos, así como los fondos del Bono 2018, apalancados por recursos estatales y federales, han contribuido en gran medida a llevar a buen término muchos proyectos de mejora de drenaje. Con la financiación adecuada en su lugar, el Distrito puede acelerar los proyectos más rápidamente hasta su finalización, contribuyendo a la salud general positiva de la infraestructura de drenaje del Condado.

NECESIDAD

Existe una tremenda necesidad de mejorar los principales sistemas para garantizar que nuestra zona esté adecuadamente preparada para los grandes episodios de lluvia. El Distrito ha trabajado estratégicamente en estrecha colaboración con las ciudades asociadas dentro del Condado para identificar y priorizar aquellos proyectos que tendrían el mayor impacto en la ampliación de la capacidad de drenaje y abordar las mejoras de infraestructura más críticas necesarias en el sistema de drenaje del Condado.

PROPUESTA

Para abordar las mejoras de infraestructura de drenaje más críticas y las expansiones de estas arterias y canales para mitigar las amenazas potenciales de inundaciones catastróficas y proteger vidas y propiedades, el Distrito de Drenaje No. 1 del Condado de Hidalgo propone un bono por la cantidad de \$135 millones para mejoras de infraestructura de drenaje en las arterias principales regionales, así como los drenajes laterales que sirven a todas nuestras comunidades.

IMPACTO FISCAL

Hay CERO impacto fiscal para los contribuyentes del Condado de Hidalgo. El Distrito de Drenaje No. 1 del Condado de Hidalgo ha administrado responsablemente la deuda contraída y pagado el bono anterior, por lo que este bono puede emitirse sin aumentar los impuestos.
